2018-2019 M-BAR-T SEASON SKI PASS AGREEMENT
ACKNOWLEDGMENT OF INHERENT DANGERS AND RISKS OF SKIING

I acknowledge that skiing, which means any activity that involves sliding or jumping on snow or ice, involves inherent dangers and risks that are part of the sport and cannot be eliminated including: changing weather conditions; snow conditions as they exist or as they may change, including ice, hardpack, powder, packed powder, wind pack, corn snow, crust, slush, cut-up snow, and machine-made snow; tree wells and snow immersion suffocation; avalanches; collisions with natural surface or subsurface conditions, such as bare spots, forest growth, rocks, stumps, streambeds, cliffs, trees, and other natural objects; collisions with lift towers, signs, posts, fences, enclosures, hydrants, water pipes, or other artificial structures and their components; variations in steepness or terrain, whether natural or the result of slope design, snowmaking, or snow grooming operations, including but not limited to roads, freestyle terrain, ski jumps, catwalks, and other terrain modifications; collisions with clearly visible or plainly marked equipment, including but not limited to lift equipment, snowmaking equipment, snow grooming equipment, trail maintenance equipment, and snowmobiles, whether or not the equipment is moving; collisions with other skiers; the failure of a skier to ski within that skier's ability; skiing in a closed area or skiing outside the ski area boundary as designated on the ski area trail map; and restricted visibility caused by snow, wind, fog, sun, or darkness. I accept all legal responsibility for injury or damage of any kind to the extent that the injury or damage results from inherent dangers and risks of skiing.

I agree that I have a duty to ski at all times in a manner that avoids injury to the skier and others and to be aware of the inherent dangers and risks of skiing. The skier using this pass shall: know the range of the skier's ability and safely ski within the limits of that ability and the skier's equipment so as to negotiate any section of terrain or ski slope and trail safely and without injury or damage; know that the skier's ability may vary because of ski slope and trail changes caused by weather, grooming changes, or skier use; maintain control of speed and course so as to prevent injury to the skier or others; abide by the requirements of the skier responsibility code that is published by the national ski areas association; obey all posted or other warnings and instructions of the ski area operator; read the ski area trail map and be aware of its contents.

By signing this document you may be waiving your legal right to a jury trial to hold the provider legally responsible for any injuries or damages resulting from risks inherent in the sport or recreational opportunity or for any injuries or damages you may suffer due to the providers ordinary negligence that are the result of the providers failure to exercise reasonable care.

Your Responsibility Code

At ski areas you may see people using alpine, snowboard, telemark, cross country, snowshoes, and other specialized recreational equipment, such as that used by disabled or other persons. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in winter recreation that common sense and personal awareness can help reduce. Observe the code listed below and share with others the responsibility for a great winter experience.

1. Always stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

KNOW THE CODE: IT'S YOUR RESPONSIBILITY.

This is a partial list. Be safety conscious at all times.
